To the Board of Directors of
Youth Employment Services YES

We have audited the accompanying financial statements of Youth Employment Services YES, which comprise the statement of financial position as at March 31, 2014, and the statements of operations and changes in fund balances and cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Youth Employment Services YES as at March 31, 2014 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Youth Employment Services YES

Notes to the Financial Statements

March 31, 2014

1. Organization and purpose

Youth Employment Services YES (“YES” or the “Organization”) was originally incorporated on April 18, 1968 under the Ontario Corporations Act as Youth Employment Service. The operation was subsequently transferred, and all rights, obligations and interests assigned to Youth Employment Services YES, which was incorporated on October 2, 2006 under the laws of Canada and was issued a certificate of continuance under the Canada Not-for-Profit Corporations Act on April 30, 2013. YES is a Canadian registered charity under the Income Tax Act, Canada.

YES is engaged primarily in activities assisting disadvantaged young people, between the ages of 15 and 30, in finding and keeping employment and provides similar services for adults should the need arise. YES also operates a Youth Business Centre to help youth become self-employed or start their own business.

2. Summary of significant accounting policies

The financial statements have been prepared by management in accordance with Canadian accounting standards for not-for-profit organizations, the more significant of which are outlined below:

Fund accounting

The Organization follows the restricted fund method of accounting for contributions and follows the principles of fund accounting, under which resources for particular purposes are classified for accounting and reporting into funds corresponding to those purposes.

The Operating Fund represents YES's program delivery and administrative activities. This fund reflects unrestricted resources and restricted operating grants.

The Special Projects Fund reflects restricted and unrestricted donations, to be spent as the donor and/or the Board of Directors (the “Board”) directs.

Revenue recognition

Revenue of the Operating Fund is recorded when received or receivable and collection is reasonably assured. Restricted and unrestricted donations are recognized as revenue of the Special Projects Fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Contributions restricted for the purchase of leasehold improvements and equipment are deferred and amortized into revenue of the Operating Fund at a rate corresponding with the amortization rate for the related leasehold improvements and equipment.

Investment income is recognized as earned.

Youth Employment Services YES

Notes to the Financial Statements

2. Summary of significant accounting policies (continued)

Leasehold improvements and equipment

Leasehold improvements and equipment are recorded at cost less accumulated amortization. Repairs and maintenance costs are charged to expense. When leasehold improvements and equipment no longer contribute to YES's ability to provide services, the carrying amounts are written down to their residual value.

Leasehold improvements and equipment are amortized on a straight-line basis using the following annual rates:

Furniture and equipment	5 years
Computer equipment	3 years
Leasehold improvements	Over the term of the lease

Amortization at one-half the above rates is provided in the year of acquisition for furniture and equipment and computer equipment.

Allocation of expenses

General support expenses such as salaries and benefits, professional services, office expenses, promotions, bank and payroll charges, insurance, membership, staff travel and staff development and training, are expenses that are covered by funders through administration fees or organizational infrastructure costs.

YES receives administration or organizational infrastructure fees, which are based on each funder's allowable percentages set in the contracts or guidelines, to cover general support expenses. Administration or organizational infrastructure fees are either negotiated or set by the program funders at the beginning of each program term.

The details of the expense allocations are disclosed in note 7.

Use of estimates

The preparation of financial statements in accordance with Canadian accounting standards for not-for-profit organizations requires that management make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses for the fiscal year then ended. Actual amounts could differ from those estimates. Items subject to significant management estimate include amortization of leasehold improvements and equipment, the estimate of allowance for doubtful accounts, measurement of deferred grant revenues, amounts owing to government funders and the vacation pay accrual.

Financial instruments

The Organization's financial instruments consist of cash, investments, accounts receivable, and accounts payable.

Financial assets or liabilities are initially measured at fair value and subsequently the Organization measures all of its financial assets and financial liabilities at amortized cost except for investments that are quoted in an active market, which are measured at fair value. Changes in fair value are recognized in investment income.

7. Allocation of general support expenses

General support expenses have been allocated to programs as follows:

	<u>Provincial Government</u>	<u>Federal Government</u>	<u>City of Toronto</u>	<u>2014 Total</u>	<u>2013 Total</u>

	<u>\$ 401,110</u>	<u>\$ 97,574</u>	<u>\$ 5,520</u>	<u>\$ 504,204</u>	<u>\$ 468,699</u>

8. Donations in kind

The Organization receives a variety of donations in kind for which no donation tax receipts are issued. These donations are not reflected in the financial statements, but they assist YES in meeting its objectives in the most cost-effective manner.

Volunteers also contribute significant time each year to assist YES in carrying out its service delivery activities. Because of the difficulty in determining their fair value, contributed services are not recognized in the financial statements.

Youth Employment Services YES

Notes to the Financial Statements

March 31, 2014

9. Lease commitments

YES rents office and operating space under operating leases which expire in June 2015 and May 2016. Future minimum annual lease payments representing base rent are as follows:

2015	\$ 278,000
2016	280,000
2017	46,000

The use of one office space is provided by the City of Toronto, Department of Public Works to YES at below market cost.

10. Financial instruments

The Organization's main financial instrument risk exposures are detailed as follows:

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. YES is, therefore, exposed to liquidity risk with respect to its accounts payable. YES reduces its exposure to liquidity risk by ensuring that it documents when authorized payments are due and maintaining adequate cash reserves to repay advances.

Interest rate and market risk

Interest rate and market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Organization is exposed to interest rate and market risk with respect to its investments. The market risk is mitigated by the Organization through investing in instruments which have a low susceptibility to significant fluctuations in the market.

Credit risk

The Organization's financial instruments that are exposed to concentration of credit risk consist primarily of cash and accounts receivable. YES places its cash investments with high credit quality institutions. At times, such investments may be in excess of the Canada Deposit Insurance Corporation insurance limit.

The credit risk with respect to its accounts receivable is to the extent that debtors do not meet their obligations. However, this risk is mitigated by the fact that most of the accounts receivable as of March 31, 2014 are from the city, provincial and federal governments. Allowance for doubtful accounts is \$Nil (2013 - \$Nil).

Other risks

It is management's opinion that the Organization is not exposed to significant currency, cash flow or concentration risks arising from its financial instruments.

Youth Employment Services YES

Notes to the Financial Statements

March 31, 2014

11. Objectives, policies and procedures for managing capital

The Organization's capital is comprised of net amounts invested in leasehold improvements and equipment and the Special Projects Fund.

The investment in leasehold improvements and equipment facilitates the delivery of services to clients.

The Board's objective is to maintain the Special Projects Fund at a level sufficient to meet both the annual working capital requirements and to fund commitments for special projects and programming. The Board has established a statement of investment policy which is conservative and seeks a balance between fixed income investments, which offer the highest immediate income but little protection against inflation, and common stocks, which generally yield a relatively low immediate dividend but which show promise of dividend growth and appreciation in value. This is monitored by the Board on a regular basis with the engagement of a professional investment manager.

The Board reviews and approves the annual budget (which includes the capital budget). Throughout the fiscal year, the actual results are monitored against the budget.
